Address

Jan meet-house Tuesday 10. The order by the P. Carey, Jr., by Rev. E. T. township chair and introductory re-

er, the state organizer, was introduced. She wore an army hat, khaki skirt and coat, shoes that were made on the regular army last, and puttees. Her appearance, manner and speech all radiated patriotism and her coming was an inspiration to the workers of the Liberty Loan and the public as well.

The first part of her address was given to patriotism and the individual's duty to his county, state and country at the present time. She spoke of South Carolina's record in the past, and especially of Pickens county, in regard to the Liberty Loan, but the greater part of her talk was given to the organization of our county for the coming drive.

Preparations are being made by the various chairmen to carry out her instructions in regard to the Fourth Liberty Loan.

The following is the personnel of the county committees:

Mrs. Gertrude Matthews, Easley.
Mrs. Jim Ramsey, Central.
Miss Eva Holcombe, Dacusville.
Miss Ione Hendricks, Pumpkintown.
Mrs. J. L. Willis, Six Mile.
Miss Edna Earle, Pickens.
Miss Elizabeth Mauldin, Easley.
Miss Flora Kelley, Pickens, R. F. D.
Mrs. Clarice Porter, Pickens.
Mrs. J. P. Carey, Jr., is chairman of the Woman's Liberty Loan committee, and Mrs. Ben F. Day, publicity chairman.

Six Mile Items

School opened at Six Mile academy as the best in its history with about thirty boarding students and expecting several more later on. A large crowd attended the opening and several prominent speakers were present. Dr. Fletcher, of Furman University, made the opening address.

Saturday and Sunday were two good days at Six Mile. Floyd Powell was ordained as minister Saturday. The baptizing took place Sunday morning, after which Dr. Langston, who works for the state mission board, preached a very impressive sermon.

The B. Y. P. U. was reorganized Sunday night with Floyd Powell, president; Misses Leona Ray and Helen Knox, first and second vice presidents, and Billy Glasco and Miss Adah Hamilton as secretaries.

Lightning struck the barn of John Roberts Thursday afternoon and killed a fine mule.

Mrs. S. L. Griffin of Greenville is at the home of her parents, Rev. and Mrs. E. M. Bolding, with typhoid fever. Her many friends wish her a speedy recovery.

Query—"The Spiritual Condition of the Churches," opened by Rev. E. M. Bolding, then general discussion.

From A. M. Simmons

The religious condition of the churches of today is not what it should be as I see it. And why? First, most of our churches need a more strict discipline, for in many of them it is almost unknown. If there is an institution that should be kept clean it is the church of Jesus Christ.

My reason for writing this article is this: Several members of different churches have asked about using my name for pastor another year, and I advised all who asked me this question to drive slow along this line as I am seeking no pastorate. If any church wishes to use my name in that way I would be glad to make this request: First, I want you to be united as much as possible. Second, I want you to pray over this matter earnestly and thoughtfully, for this is a sacred question—calling a man to lead the people. For God's Word tells us that if the blind lead the blind both will fall into the ditch together, and for this reason I ask the people who want to use my name to go a long way toward it on their knees with your eyes on Jesus, and then I feel that you will make no mistake.

Now I will give you my views: First, I believe all our churches should have preaching twice a month and our pastors should do all their power to see that our churches have a year-round prayer meeting and a year-round Sunday school. If our churches would have preaching twice a month—say first and third Sundays—and preaching the first Saturday evening at 5 o'clock, then the church should go into conference and should call for the reading of the minutes of the last meeting, and when adopted call for the peace and fellowship of the church and see whether all was in shape for the transaction of business in God's house together; this to take place once every month and just preaching the third Sunday and if it is possible the pastor ought to be there for Sunday school and prayer meeting. I will give you my plans. Meet at 10 o'clock in song and prayer service for 30 minutes and then take up the Sunday school lesson and let preaching commence at 11:30 and close when the Spirit said close. My reason for connecting prayer meeting and Sunday school together is that our prayer meetings don't last but a month or so after August meeting is over, and any church without a good prayer meeting and good Sunday school is in a general way spiritually dead. And if it is ever my privilege to serve a church in my weak way I expect to do my utmost to keep both running the year round.

And one other thing I believe will help to keep our churches in good running order is to give an invitation for people to come forward for prayer every time we have a meeting, and then we can have a revival every time we meet and not wait till August, for it will be a revival the year around, and in my judgment our churches will never be any better, off spiritually till people repent. I am going to pass this all-important matter everywhere I go. So, brethren, be guided by the Spirit.

A. M. SIMMONS.

A Word From Mr. Finley

To the Voters of Pickens County: I beg to thank each voter of this county for his vote and influence in the second primary election which resulted in electing me to the office of county commissioner for the coming four years. My entire effort will be to give you good service and try to improve the conditions of the roads in the section that will be in my charge. I have no hard feeling toward those voters who did not support me and beg them to join hands with me and my supporters and help me to make the county a good and efficient commissioner.

Yours very truly,

JOE A. FINLEY.

NOTES OF THE FOURTH LIBERTY LOAN
Mrs. Jas. P. Carey, Jr., Chairman
Mrs. Ben T. Day, Publicity Chairman

The Boy Scout organization has made arrangements with the Liberty Loan organization that they will not work during this loan as a national body, but will place themselves under the direction of the local committees. The Treasury Department is very much opposed to the use of children, either boys or girls, in bond selling. The Boy Scout organization is therefore registered for service of whatever kind the local committee designates.

You can get The Sentinel 8 months for \$1.00.
